REVIEW REPORT

October 29, 2013

To the Shareholders of Etihad Etisalat Company
(A Saudi joint stock company)

Scope of review

We have reviewed the accompanying interim consolidated balance sheet of Etihad Etisalat Company (the "Company") and its subsidiaries (collectively referred to as the "Group") as of September 30, 2013 and the interim consolidated income statement for the three-month and nine-month periods ended September 30, 2013, and the interim consolidated statements of cash flows, and changes in shareholders' equity for the nine-month period then ended, and the related notes which form an integral part of these interim consolidated financial statements. These interim consolidated financial statements are the responsibility of the Group's management and have been prepared by them and submitted to us together with all the information and explanations which we required. The interim consolidated financial statements as of and for the three-month and nine-month periods ended September 30, 2012 were reviewed by other auditors whose unmodified review report was dated Dhul-Hijjah 1, 1433H (October 17, 2012).

We conducted our review in accordance with the standard of Review of Interim Financial Reporting issued by the Saudi Organization for Certified Public Accountants. A review consists principally of applying analytical procedures to financial data and information and making inquiries of persons responsible for financial and accounting matters. The scope of such review is substantially less than an audit conducted in accordance with auditing standards generally accepted in Saudi Arabia, the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Review conclusion

Based on our review, we are not aware of any material modifications that should be made to the accompanying interim consolidated financial statements for them to be in conformity with accounting standards generally accepted in Saudi Arabia.
